

Dear Prospective Sponsor,

The Certified Access Specialist Institute (CASI) is launching our 2011 Sponsorship Program. Through CASI, CASp members and affiliates have an opportunity to interface with each other as well as individuals and organizations that promote accessibility and universal design in the built environment. CASI also assists its members in providing professional services to business and property owners, public agency officials, architects, and other professionals involved with the built environment on issues relating to accessibility compliance for people with disabilities.

With the support of our sponsors, we will be able to offer quality programs and events that in return benefit and increase the growth of our membership, association, and your business as well. We are planning great things for the 2011 year and depend on our sponsors to be able to keep providing our membership the various programs and events throughout the year. We are looking forward to your involvement in our association and support of our membership and programs.

Please review the enclosed 2011 CASI Sponsorship Brochure and decide at which level your organization would like to participate. If you have any questions, please do not hesitate to contact us. Thank you again and we look forward to hearing from you.

Marcel Bourdase
CASI Representative
